Native American														
Two or more races														
LEP														
Students with Disabilities														
Economically Disadvantaged														

Four conditions required for making Adequate Yearly Progress (AYP) are:

1. At least 95% tested in reading and mathematics for every student group. If the current year participation rate is less than 95%, this condition may be met if the average of the current and preceding year rates is at least 95%, or if the average of the current and two preceding years is at least 95%. Only actual participation rates are printed. If the participation rate printed is less than 95% and yet this school makes AYP, it means that the 95% condition was met by averaging.
2. At least 85.0% meeting/exceeding standards in reading and mathematics for every group. For any group with less than 85.0% meeting/exceeding standards, a 95% confidence interval was applied. Subgroups may meet this condition through Safe Harbor provisions.***
3. At least 91.0% attendance rate for non-high schools and at least 82.0% graduation rate for high schools.
